Announcing the 2024 Training Industry Top Training Companies Lists: Leadership Training

RALEIGH, N.C. — April 11, 2024 — Training Industry today announced its selections for the 2024 Top Training Companies™ lists for the Leadership Training sector of the corporate learning and development (L&D) market. Training Industry, the leading research and information resource for corporate learning leaders, prepares the Training Industry Top 20 report on critical sectors of the corporate training marketplace to better inform professionals about the best and most innovative providers of training services and technologies.

Selection to the 2024 Training Industry Top Leadership Training Companies lists was based on the following criteria:

- Breadth and quality of program and service offerings.
- Industry visibility, innovation and impact in the leadership training market.
- Client and customer representation.
- Business performance and growth.

“This year's Top 20 Leadership Training companies, selected from our most competitive sector, offer comprehensive and innovative approaches to strategically addressing learning needs at all leadership levels,” said Jessica Schue, market research analyst at Training Industry, Inc. “With their array of high-quality leadership programs and cutting-edge technology offerings, including solutions that incorporate artificial intelligence, these innovative providers ensure dynamic development for learners, transforming workplaces in the process. By offering accurate and diverse metrics and a range of delivery options, these providers effectively equip leaders to meet the evolving needs of the modern workplace.”

“The 2024 Leadership Training Watch List represents emerging and specialized leadership development companies that craft a unique experience for both their learners and their workplace,” said Tom Whelan, director of corporate research at Training Industry, Inc. “These companies elevate the learning journey by utilizing modalities and technologies such as coaching, instructor-led (virtual or in-person), simulations, assessment tools, microlearning modules and more.”
